Bachelor of Technology(Electronics and Comm. Eng)

Malaviya National Institute Of Technology,Jaipur

07/2018 - 01/2022

6.54 CGPA

Intermediate

Jawahar Navodaya Vidyalaya, Dabhasemar, Faizabad

04/2016 - 05/2017

70.4%

WORK EXPERIENCE

Software Development Engineer I Airmeeet

07/2022 - Present

<https://www.airmeet.com/>

Description

- Resolved issues with current features like DMs, Chat Moderation & Social Lounge ensuring their seamless working in scaled events, which proved critical in hosting Airmeeet's first ever fully scaled event organised by COMCAST.
- Segregated the unified lounge architecture across separate shards to disperse writes & ensure improved system performance with low read latency.
- Translated an already existing Load Testing tool into an automated service by developing REST APIs for the same.

Software Engineer Intern NAV Consulting

02/2022 - 06/2021

<https://www.navconsulting.net/>

Description

- Worked on an in house master data management tool, fixing bugs and created new features with React and ASP. NET Core. Build a consolidated hierarchical view for flexible user experience using libraries like Highcharts and React Flow.

Software Engineer Intern ForkLyft Inc.

05/2021 - 01/2022

<https://www.forklyft.in/>

Description

- Worked as a software developer mainly building full stack web apps for high growth startups like [DrinkPrime](#)(worked on the back end inventory system and a frontend micro service for finding water quality data of various places in Bangalore) & [ZUINK](#) (developed the whole frontend from scratch) and many more like [OG.BRANDS](#).
